

**MEDICAL LABORATORY TECHNOLOGIST I  
(NOTE: THIS IS A REPOSTING)**

Jones County Health Department is recruiting for a Medical Laboratory Technologist I position that became available on July 1, 2020. The Medical Lab Technologist I is responsible for serving as the Jones County Health Department Laboratory Manager and acts as the nucleus for providing clinical services for patients. The employee in this position will coordinate a variety of services primarily related to conducting and interpreting laboratory testing for the purpose of diagnosing medical problems and diseases (see separate position description).

**Position Number:** 489-46-126

**Minimum Education and Experience:** Graduation from a four-year college or university with a degree in medical technology, chemistry or a biological science; or graduation from an associate degree program of medical technology and one year of medical laboratory experience; or completion of a certified Laboratory Assistant course in medical technology or a comparable course and two years of medical laboratory experience; or graduation from high school and four years of applicable medical laboratory experience.

**Hiring Range:** \$37,715 to \$39,625

**Date Position Posted:** August 26, 2020

**Deadline for Submission of Applications:** 5:00 pm, Friday, September 8, 2020

**To Apply, Submit State Application (PD-107) to:** Wesley P. Smith, Health Director  
Jones County Health Department  
418 Hwy 58 North, Unit C  
Trenton, NC 28585
