**Jones County Health Department
is an Equal Opportunity Provider**

Jones County Health Department

The mission of the Jones County Health Department is to promote sound health policies, prevent and control the spread of disease, and safeguard the integrity of the environment for all citizens of Jones County.

Phone: (252) 448-9111

Hours: Monday - Friday
8:00 am - 5:00 pm

Clinical Services

Clinical services are provided to residents of Jones and surrounding counties. In addition to accepting some insurance plans JCHD also offers services on an income-based, sliding fee scale for uninsured and underinsured clients.

Family Planning

Family Planning Services are confidential and are offered to both men and women. Services include:

- Family planning
- Birth control counseling and education
- Reproductive health exams
- Prescription and refills of birth control
- Insertion/removal of birth control devices

Pregnancy testing is also offered and includes referral for prenatal care, Social Services, WIC, and Pregnancy Care Management, if needed. **Appointments are preferred but not required.**

STD Clinic

JCHD offers confidential STD screening, counseling, treatment and education services daily, as well as diagnostic physical exams when a medical provider is available. For questions about STD services or to schedule an appointment, please call:

252-448-9111 ext. 3013

Naloxone Distribution

The health department offers Narcan nasal spray at no cost. There are 2 units per pack.

Tuberculosis

Tuberculosis (TB) skin testing is available every day of the week **EXCEPT** Thursday. A nurse can read skin test results any day of the week. JCHD also coordinates diagnostic services and provides treatment for tuberculosis disease.

For more information, please call:
252-448-9111 ext. 3011

Immunizations

We provide all required childhood immunizations, as well as many adult vaccines. Please call for more

information about available vaccines. Immunization services are available daily. Immunizations are provided for:
