

# A Healthy Carolinians Partnership

## What Are We?

The partnership is an alliance of community agencies and concerned citizens, committed to improving the health and well-being of Jones County residents. Our mission statement:

*“Working together toward a healthier Jones County through addressing community health and environmental needs.”*

## Who Are We?

Our Partnership representation comes from a diverse group of people: health care agencies, local government, citizens, health care providers, local organizations, churches and our local school system. Our organization is known as:

***“Jones County Healthy Carolinians”  
(JCHC)***

## What Are Our Priorities?

The Jones County Healthy Carolinians was initiated in 2001. Our focus is centered on major health issues of our citizens as identified in the last health assessments for Jones County. We partner with our network to address initiatives that will improve the health and safety of our community.

Our current focus areas fall under these Partnership Committees:  
Chronic Disease: Diabetes  
Physical Activity

## Do We Need You?

YES! Anyone can join a committee. If a focus area is of interest to you, please contact the Healthy Carolinians Coordinator for Jones County at (252) 448-9111.

# Jones County Healthy Carolinians (JCHC)

## Why Join?

We need your involvement on health and safety issues in your area of our Jones County community.

**“OUR IDEAS WILL WORK... IF WE DO”**

## When Do We Meet?

The two committees meet the second Wednesday of each month at different locations within Jones County. Please call the Healthy Carolinians Coordinator for details involving each committee's monthly meetings and activities.

## What Are Some of the JCHC Projects?

- **MIRACLE** (Managing Insulin Resistance A Life Changing Experience)
- **HEARTS** (Healthy Enthusiastic Active Responsible Teachers and Staff)
- Jones County Employee Wellness Program for county employees
- Annual Walk 4 Your Health Walk-A-Thon
- Annual Health Summit
